

Snowflake

Model and Diagrams by Dennis Walker

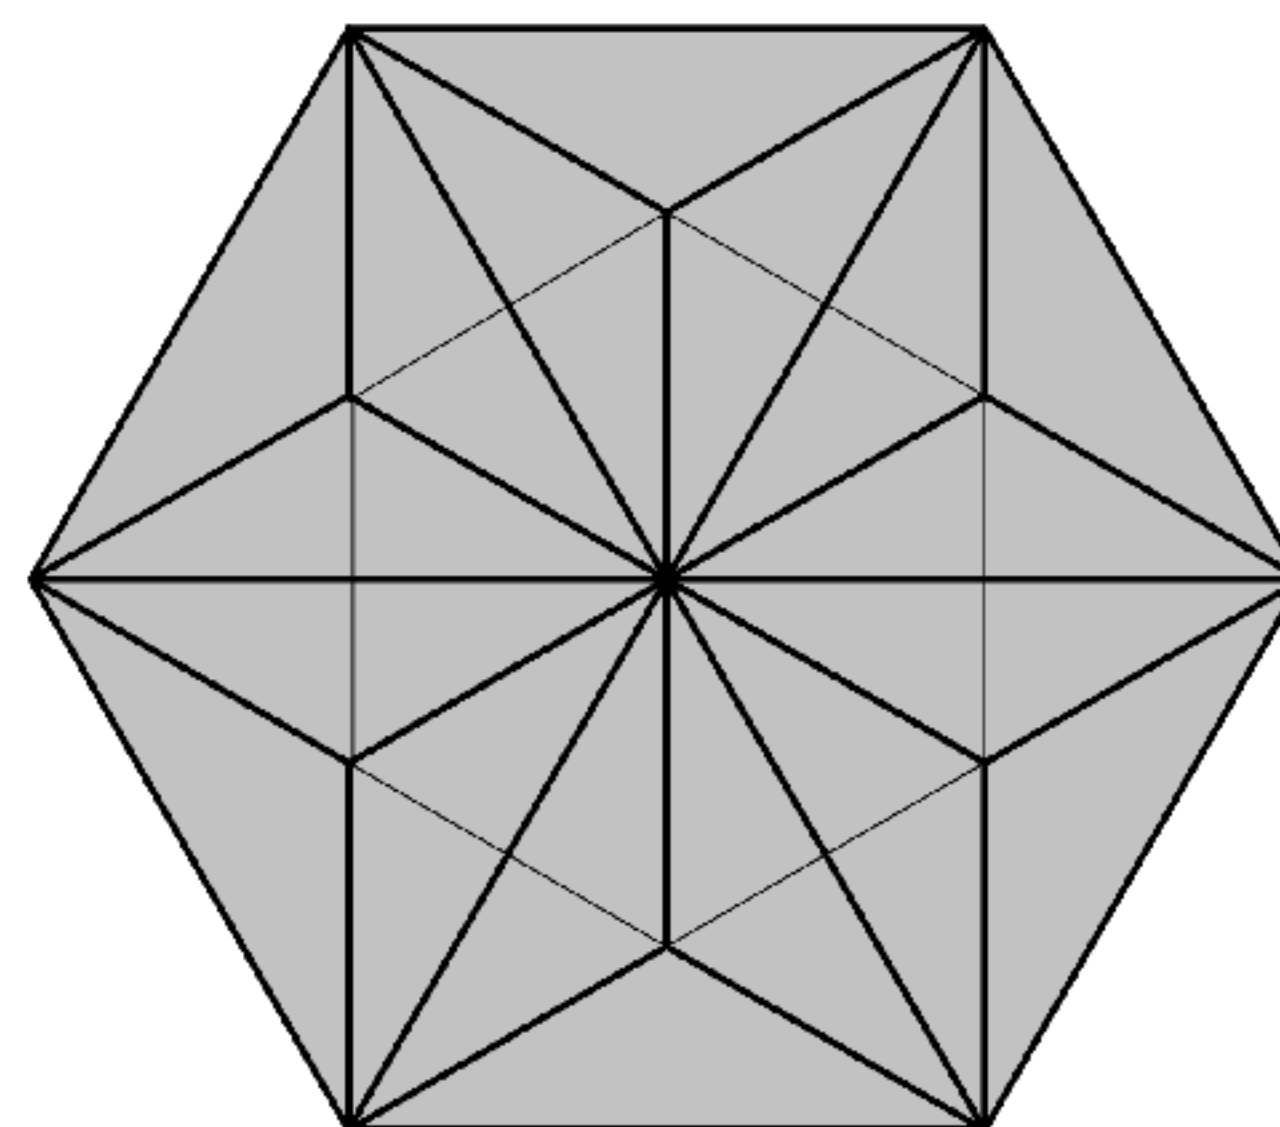

Works best with tracing paper

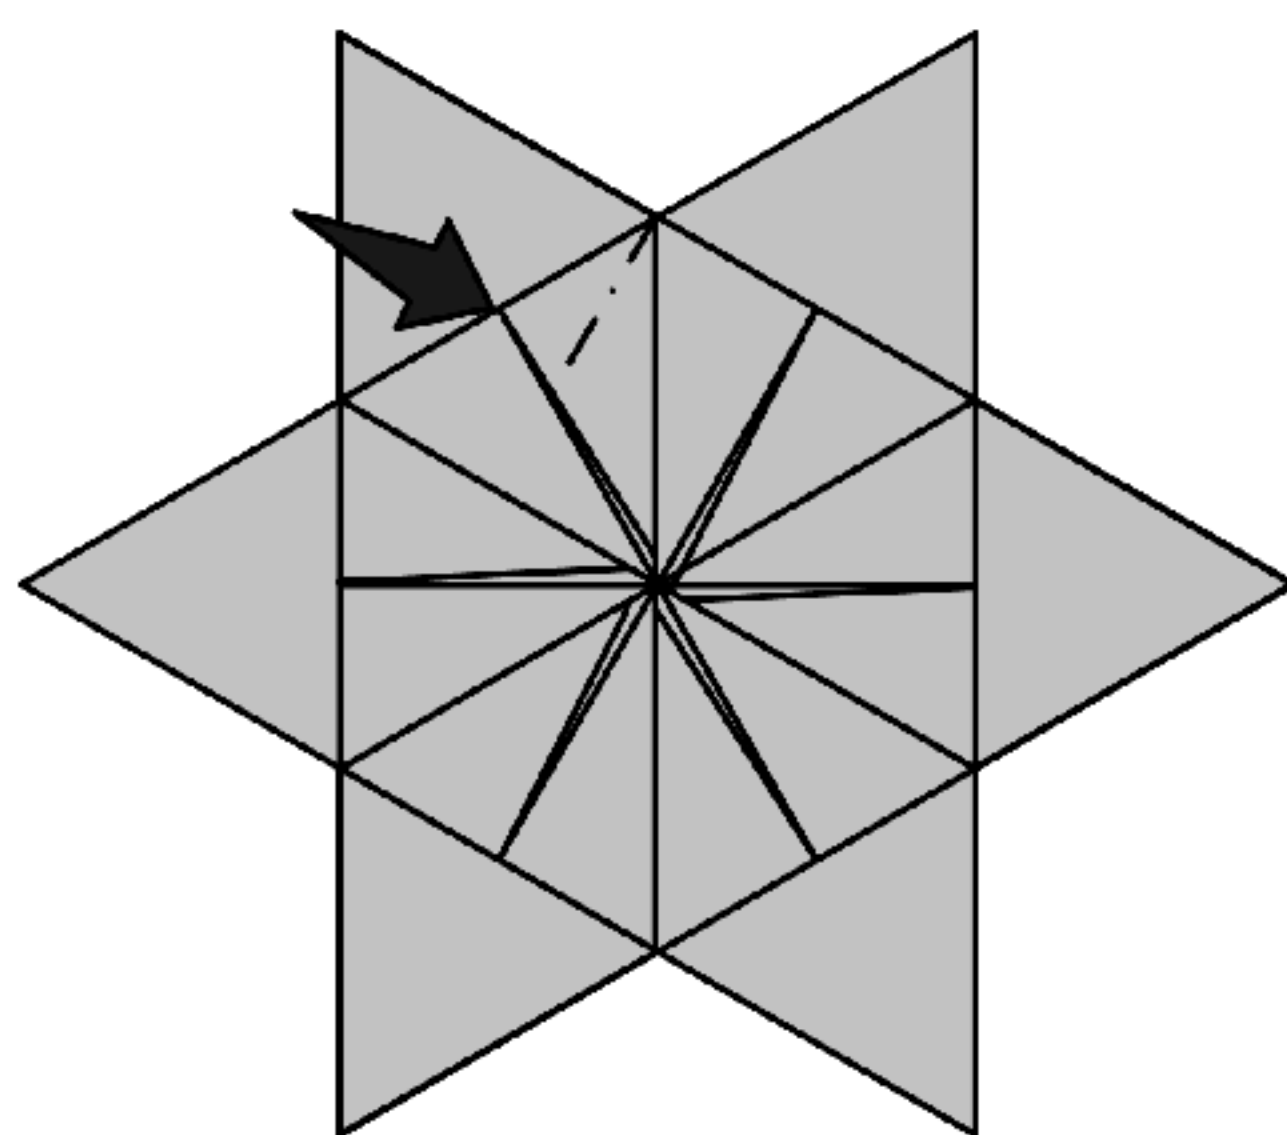

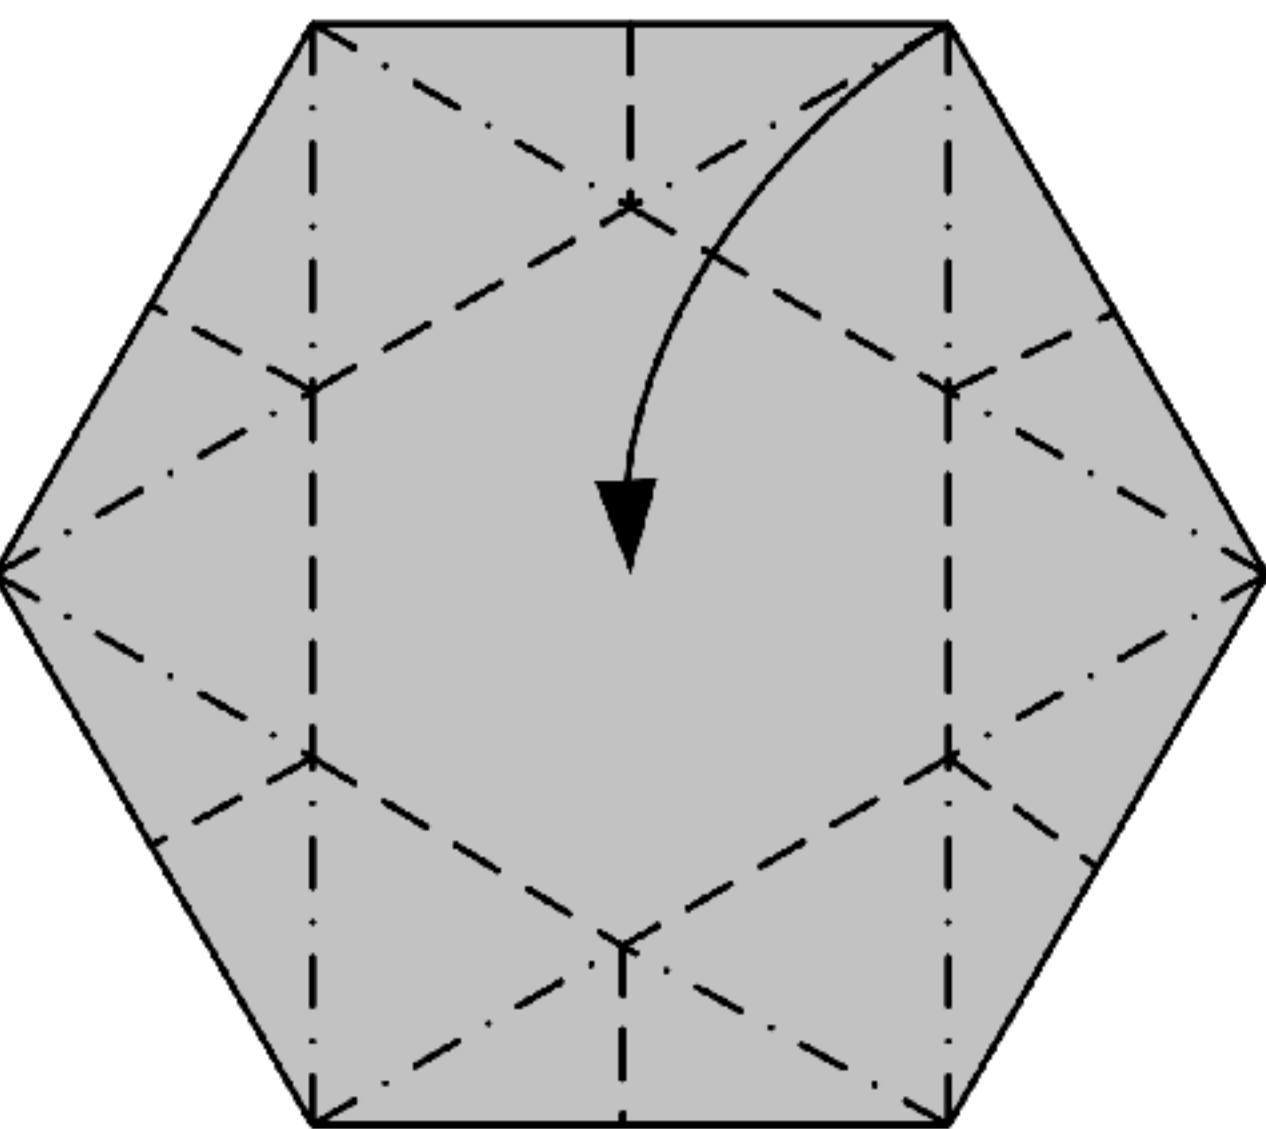

Expanded view.
Concentrating on one flap.

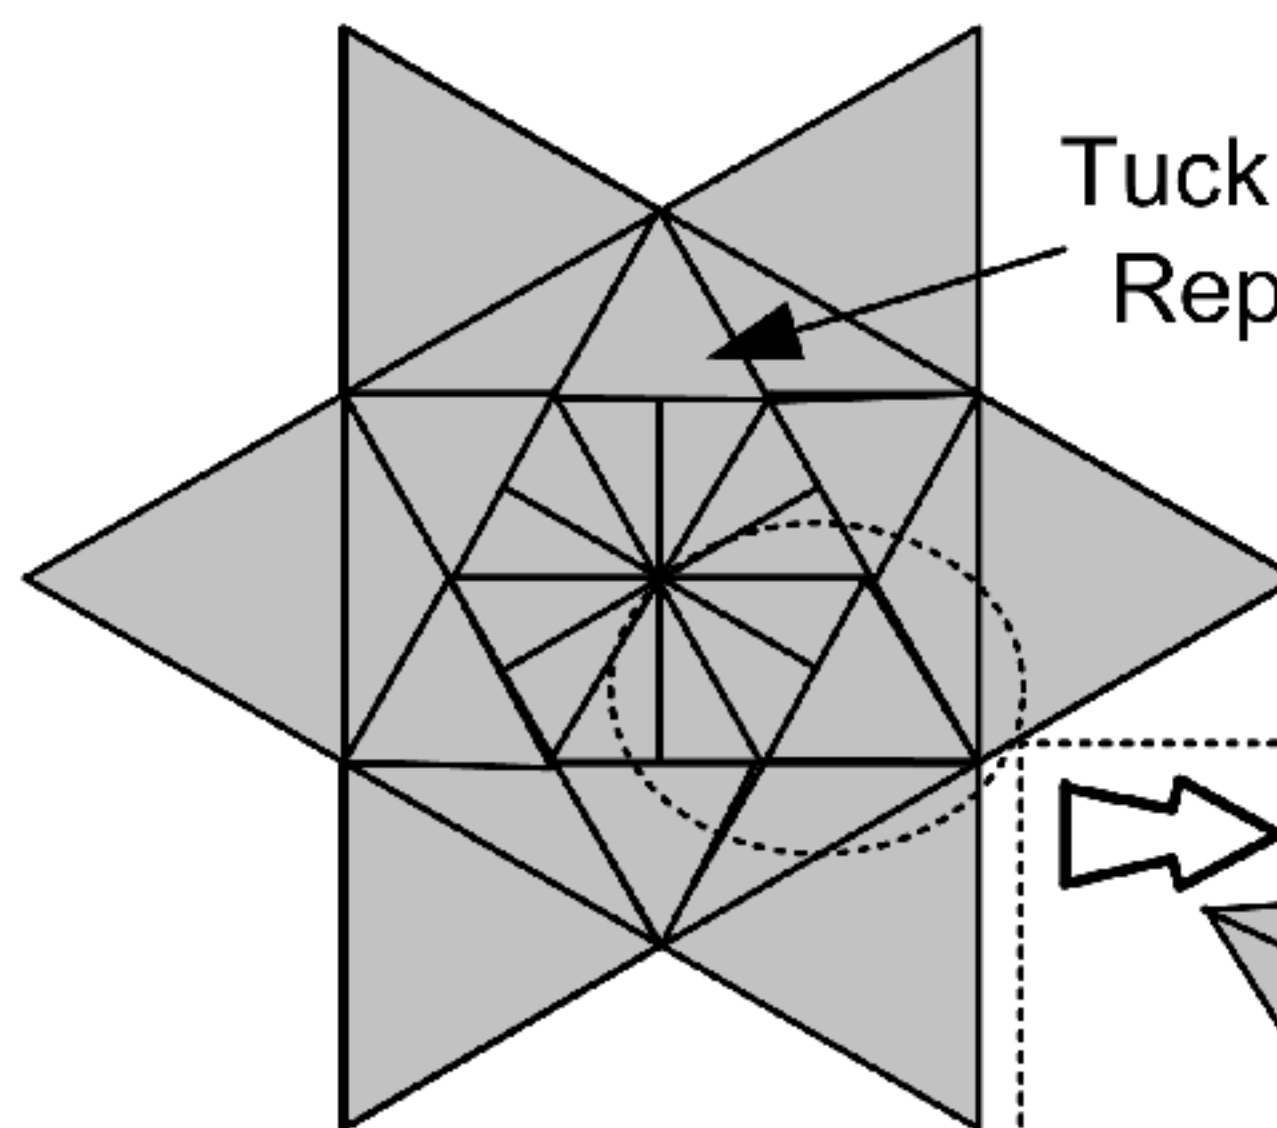

Repeat on the
other 5 flaps

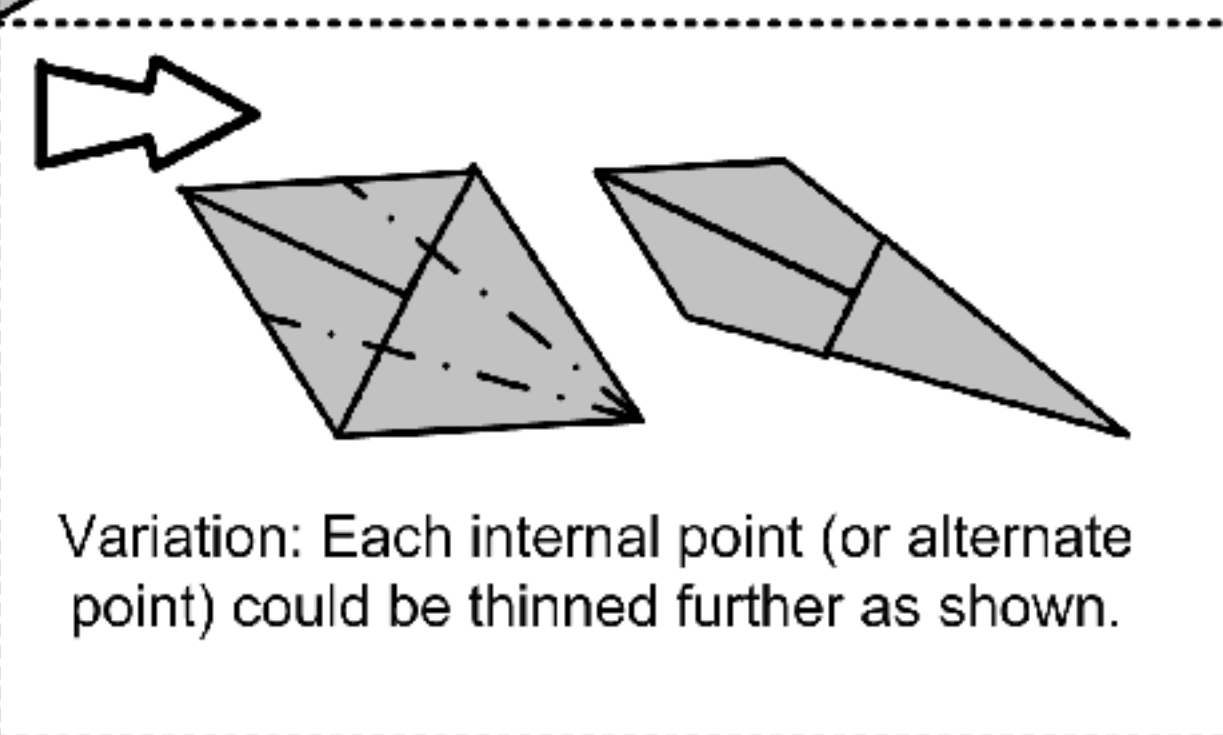

Full view.

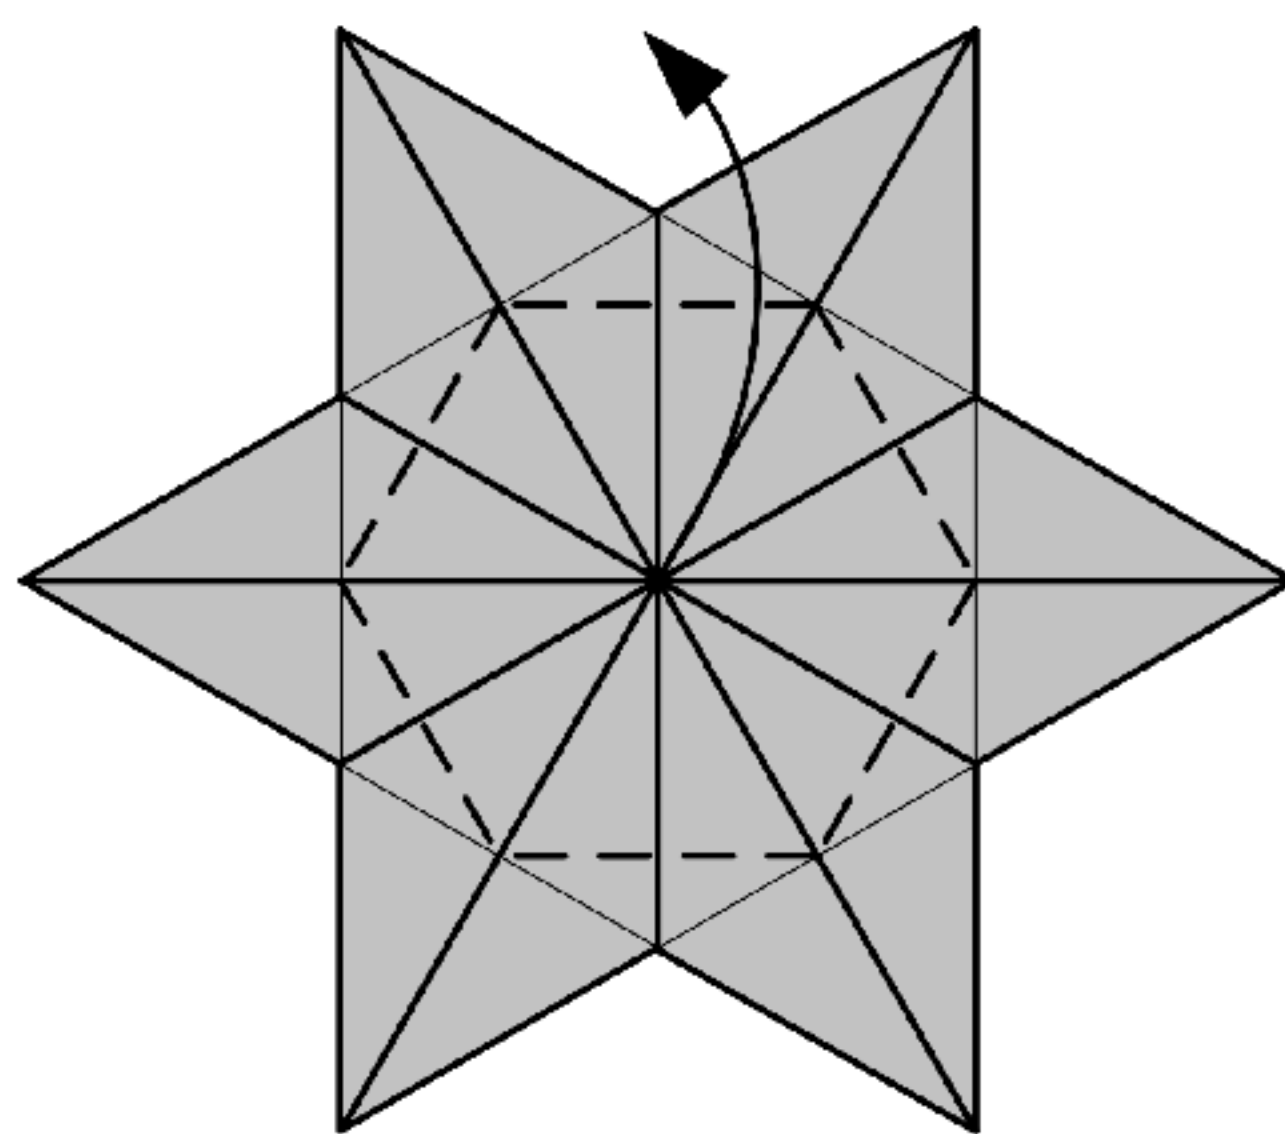

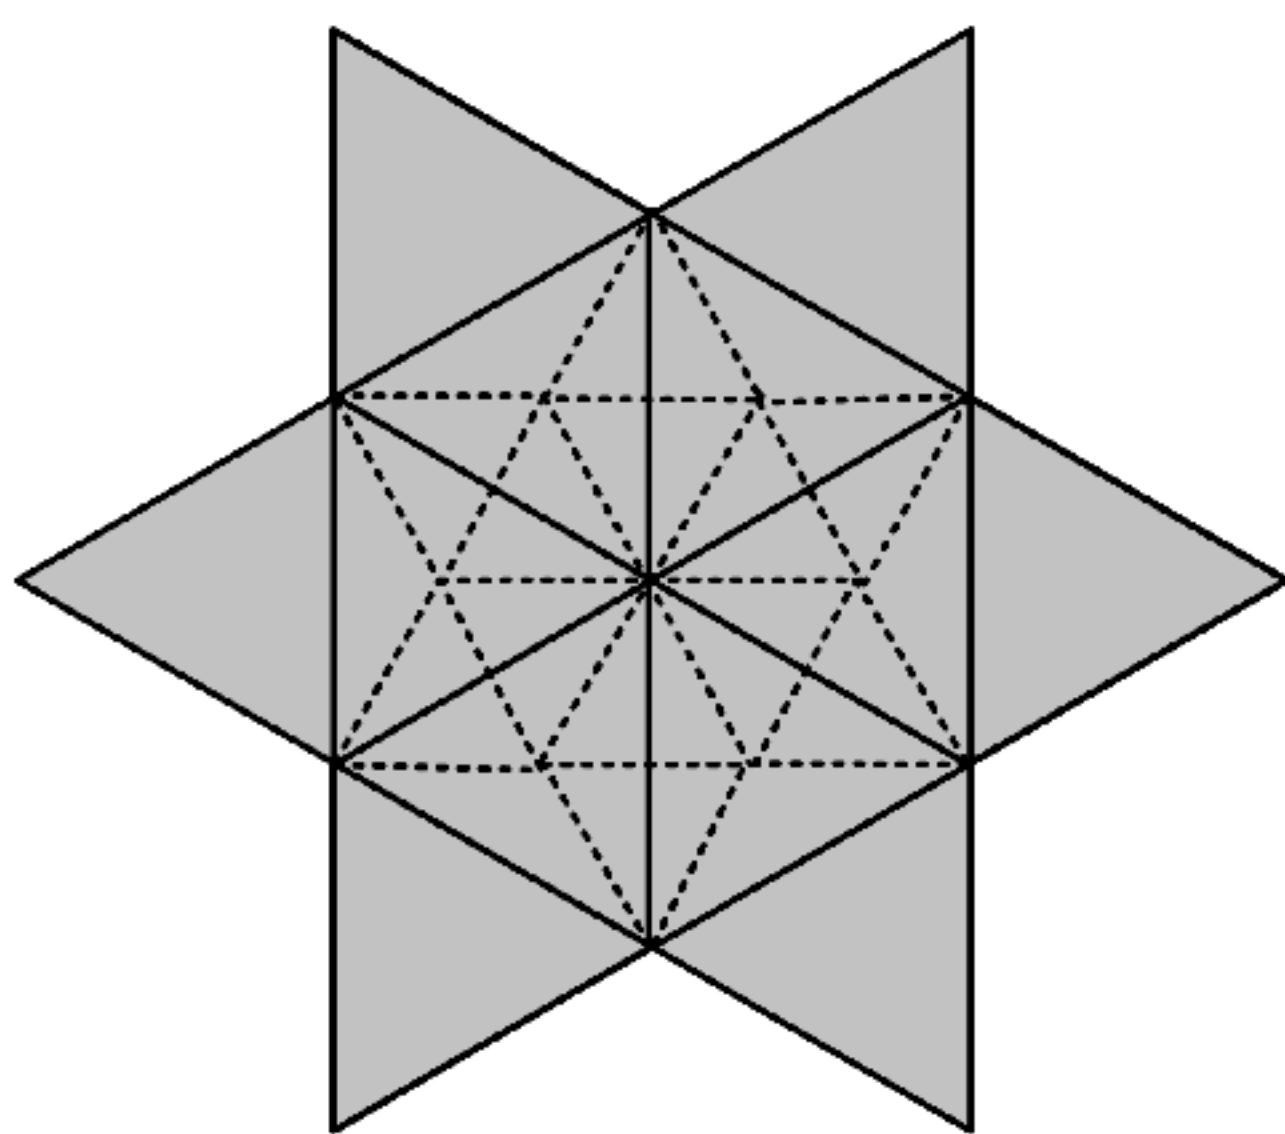

Repeat on the
other 5 flaps

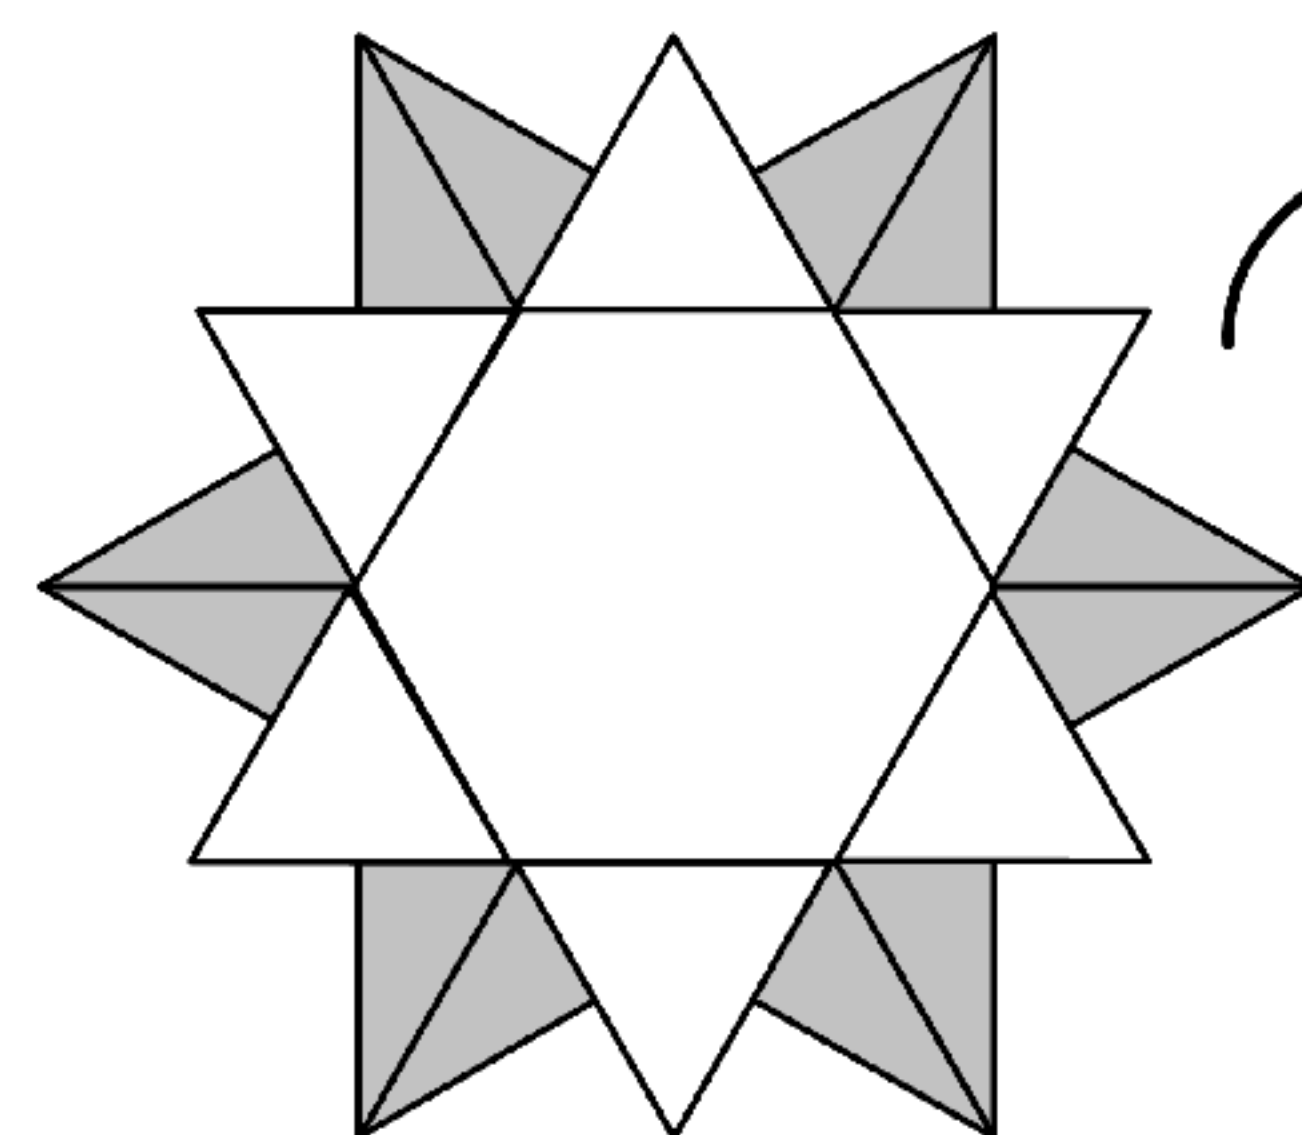

Tuck this flap underneath.
Repeat on the other 11.

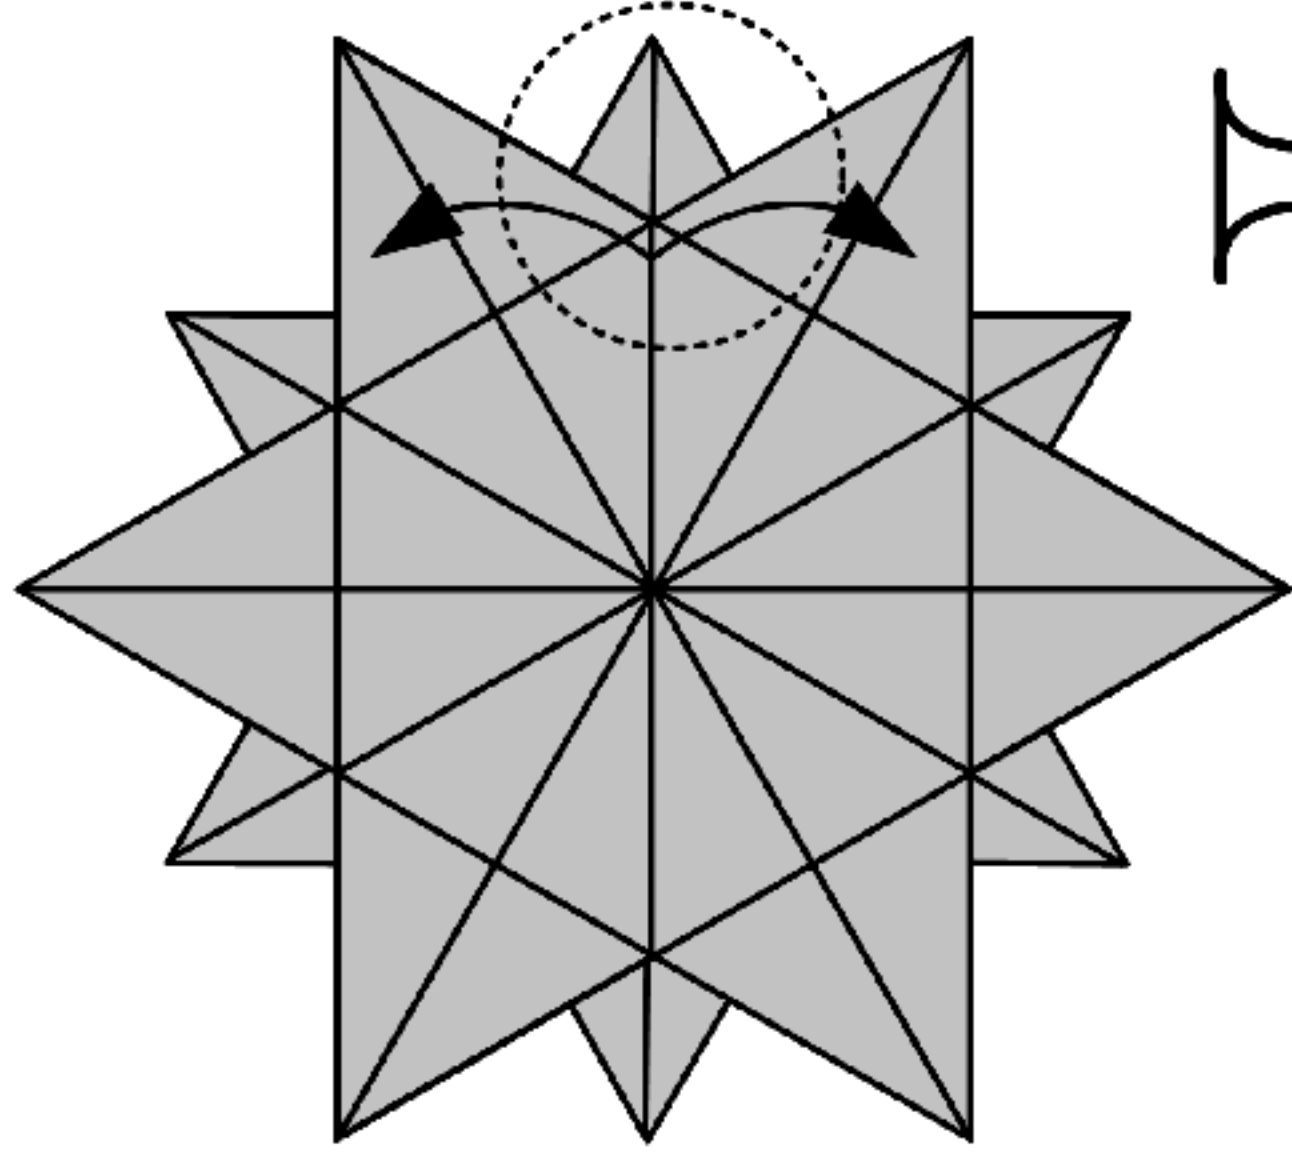

Variation: Each internal point (or alternate point) could be thinned further as shown.

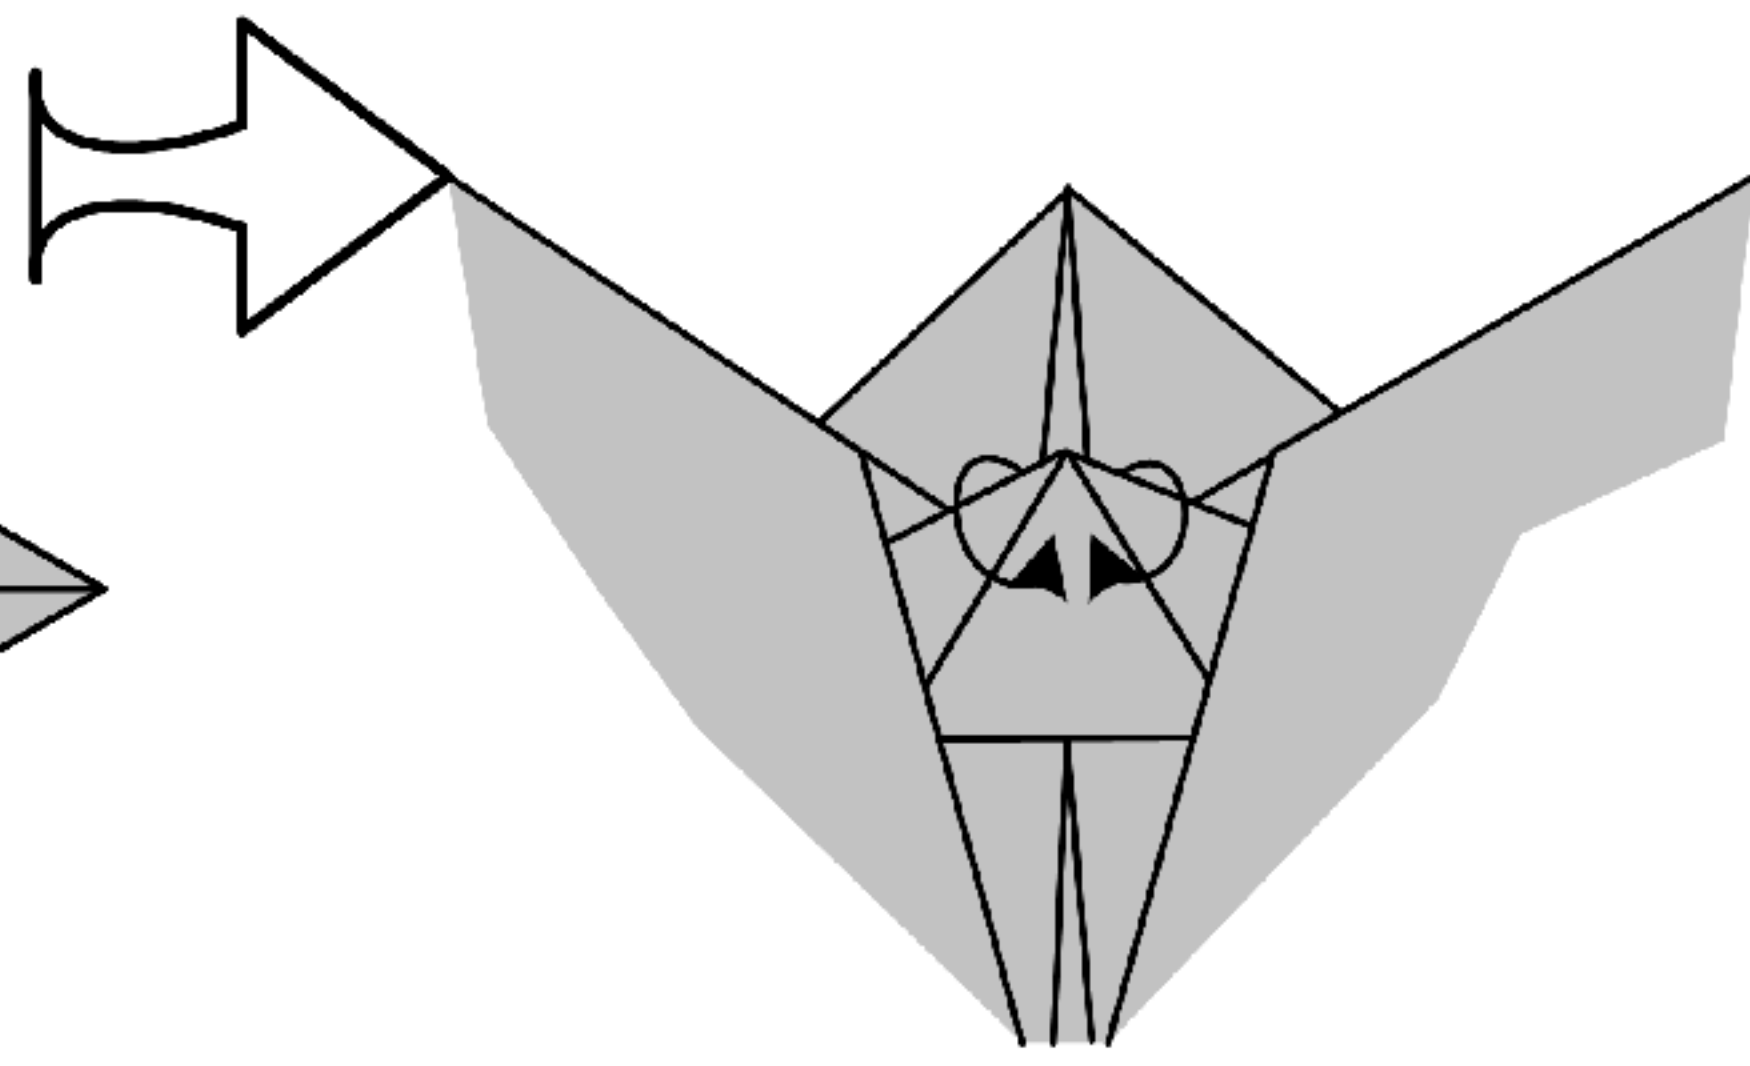

Repeat on the
other 5 flaps

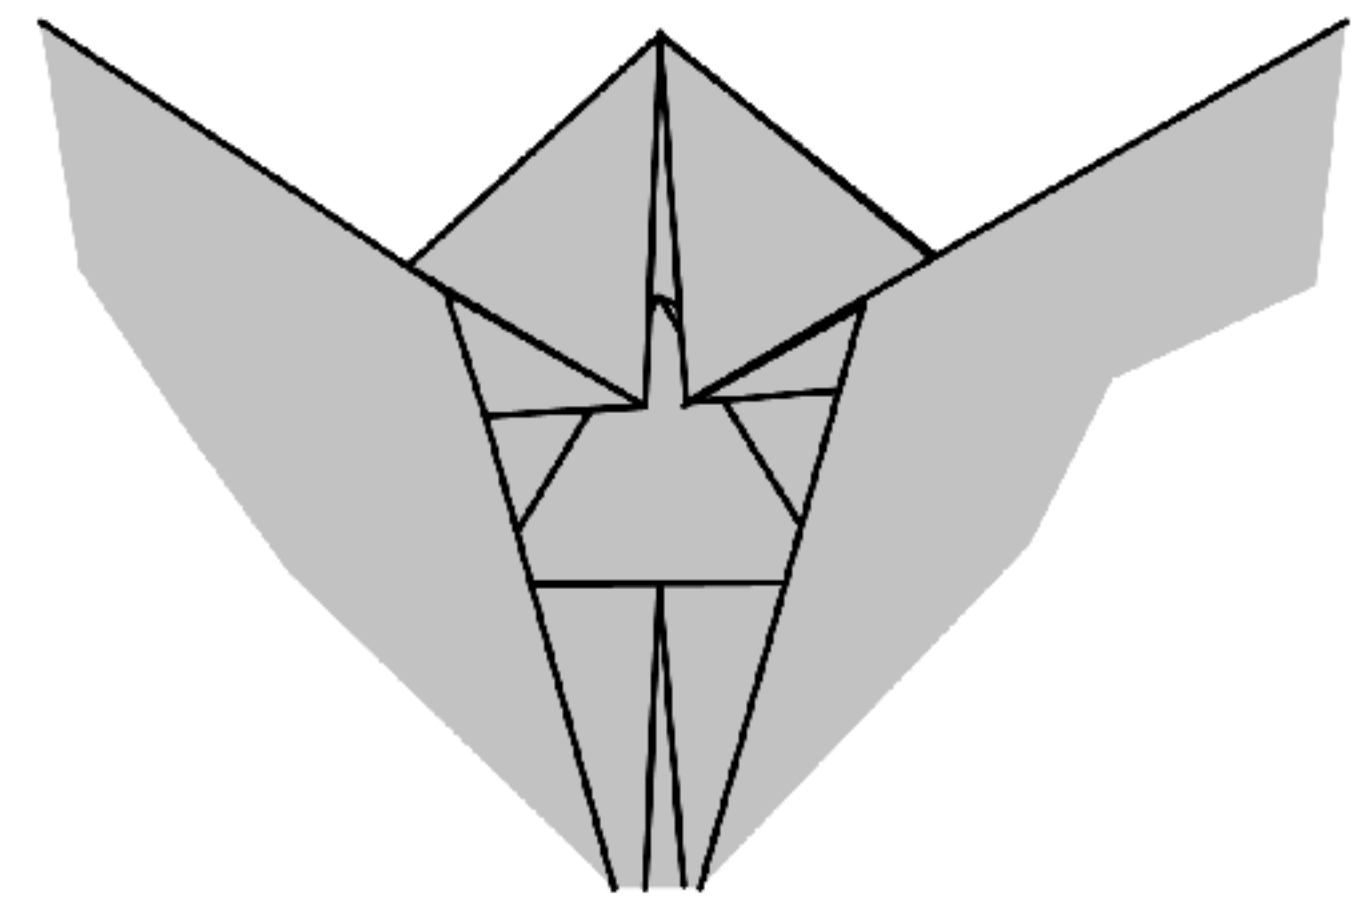

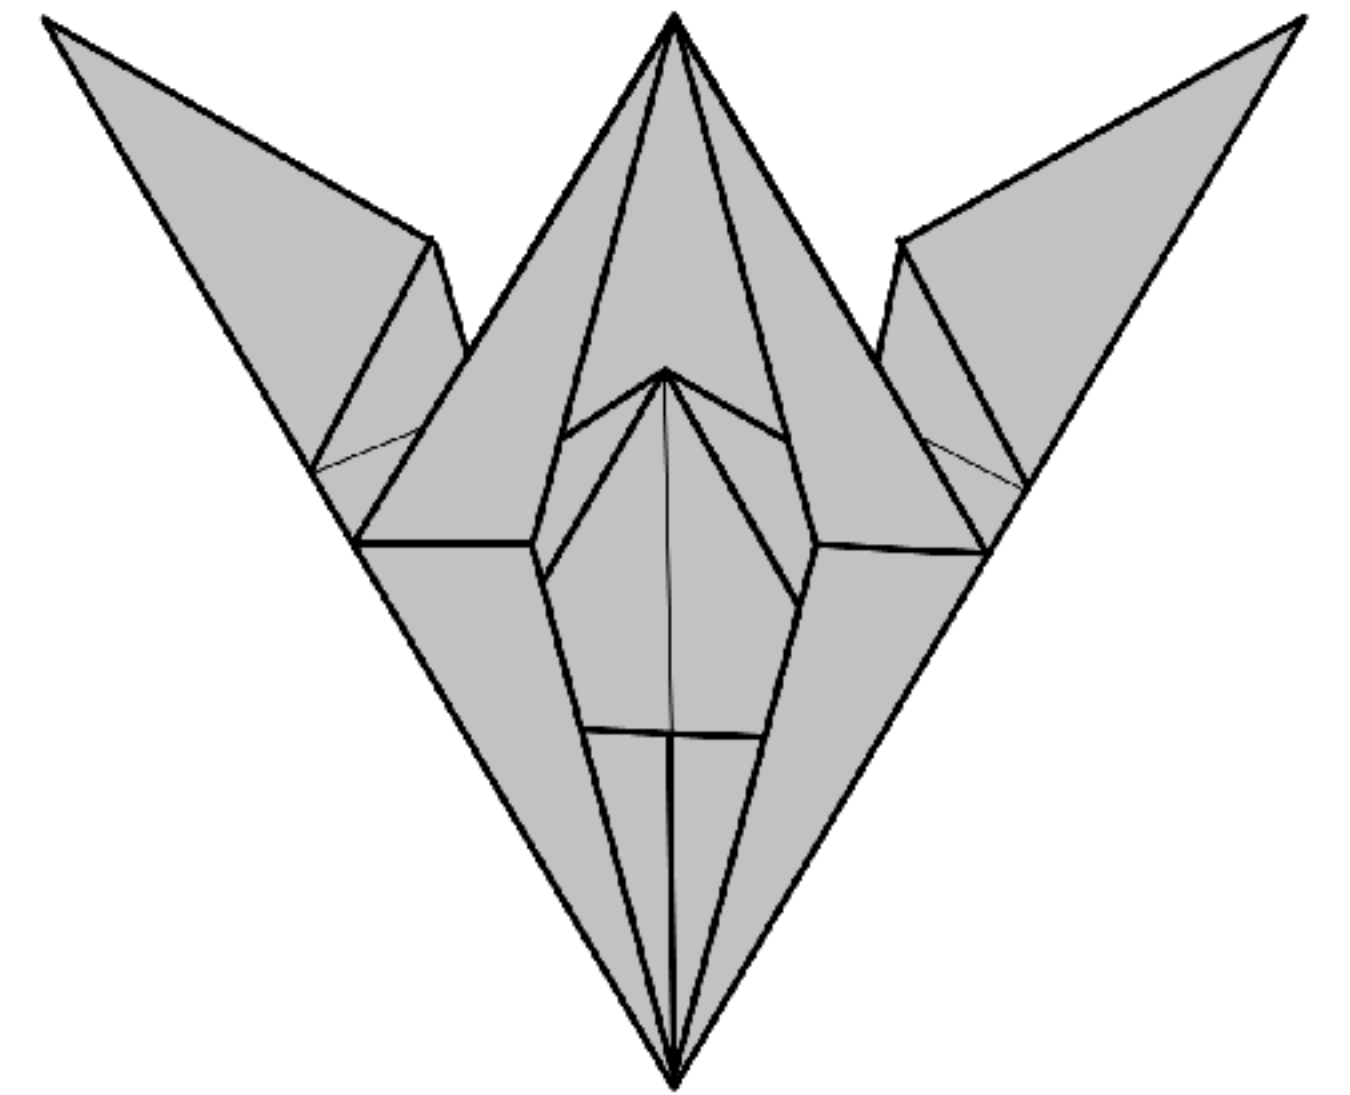

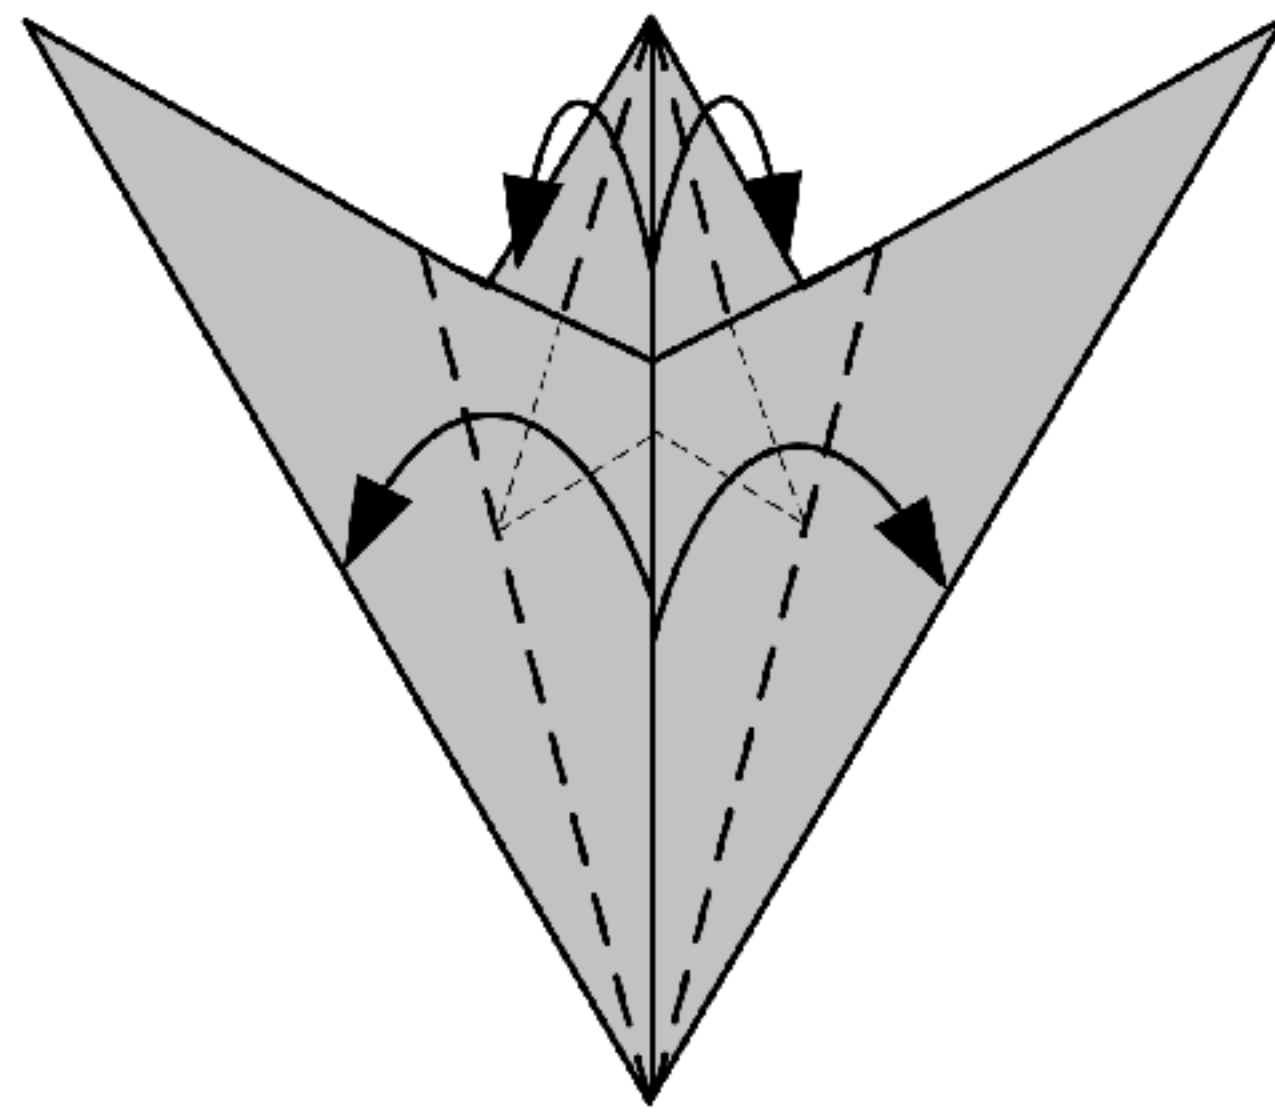

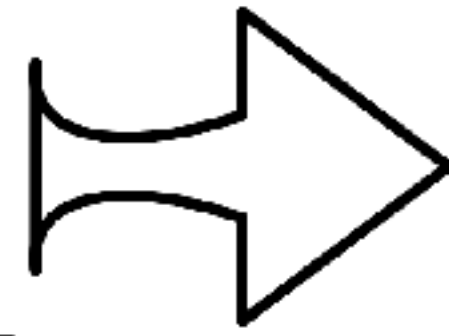

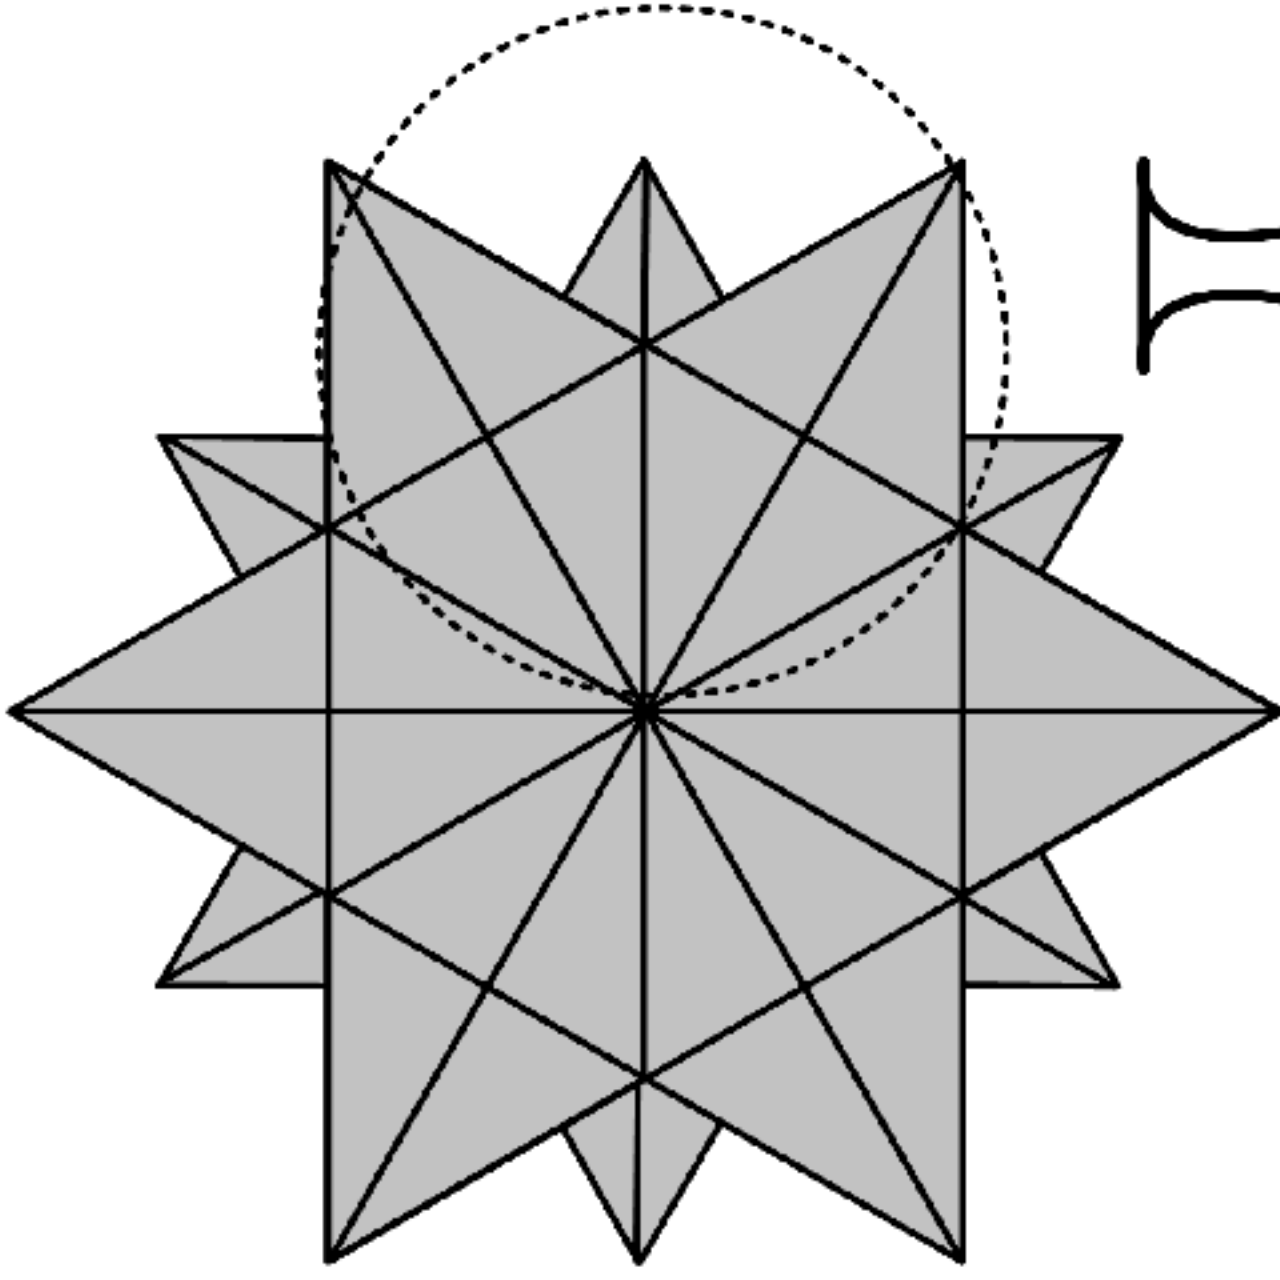

Open out slightly as marked

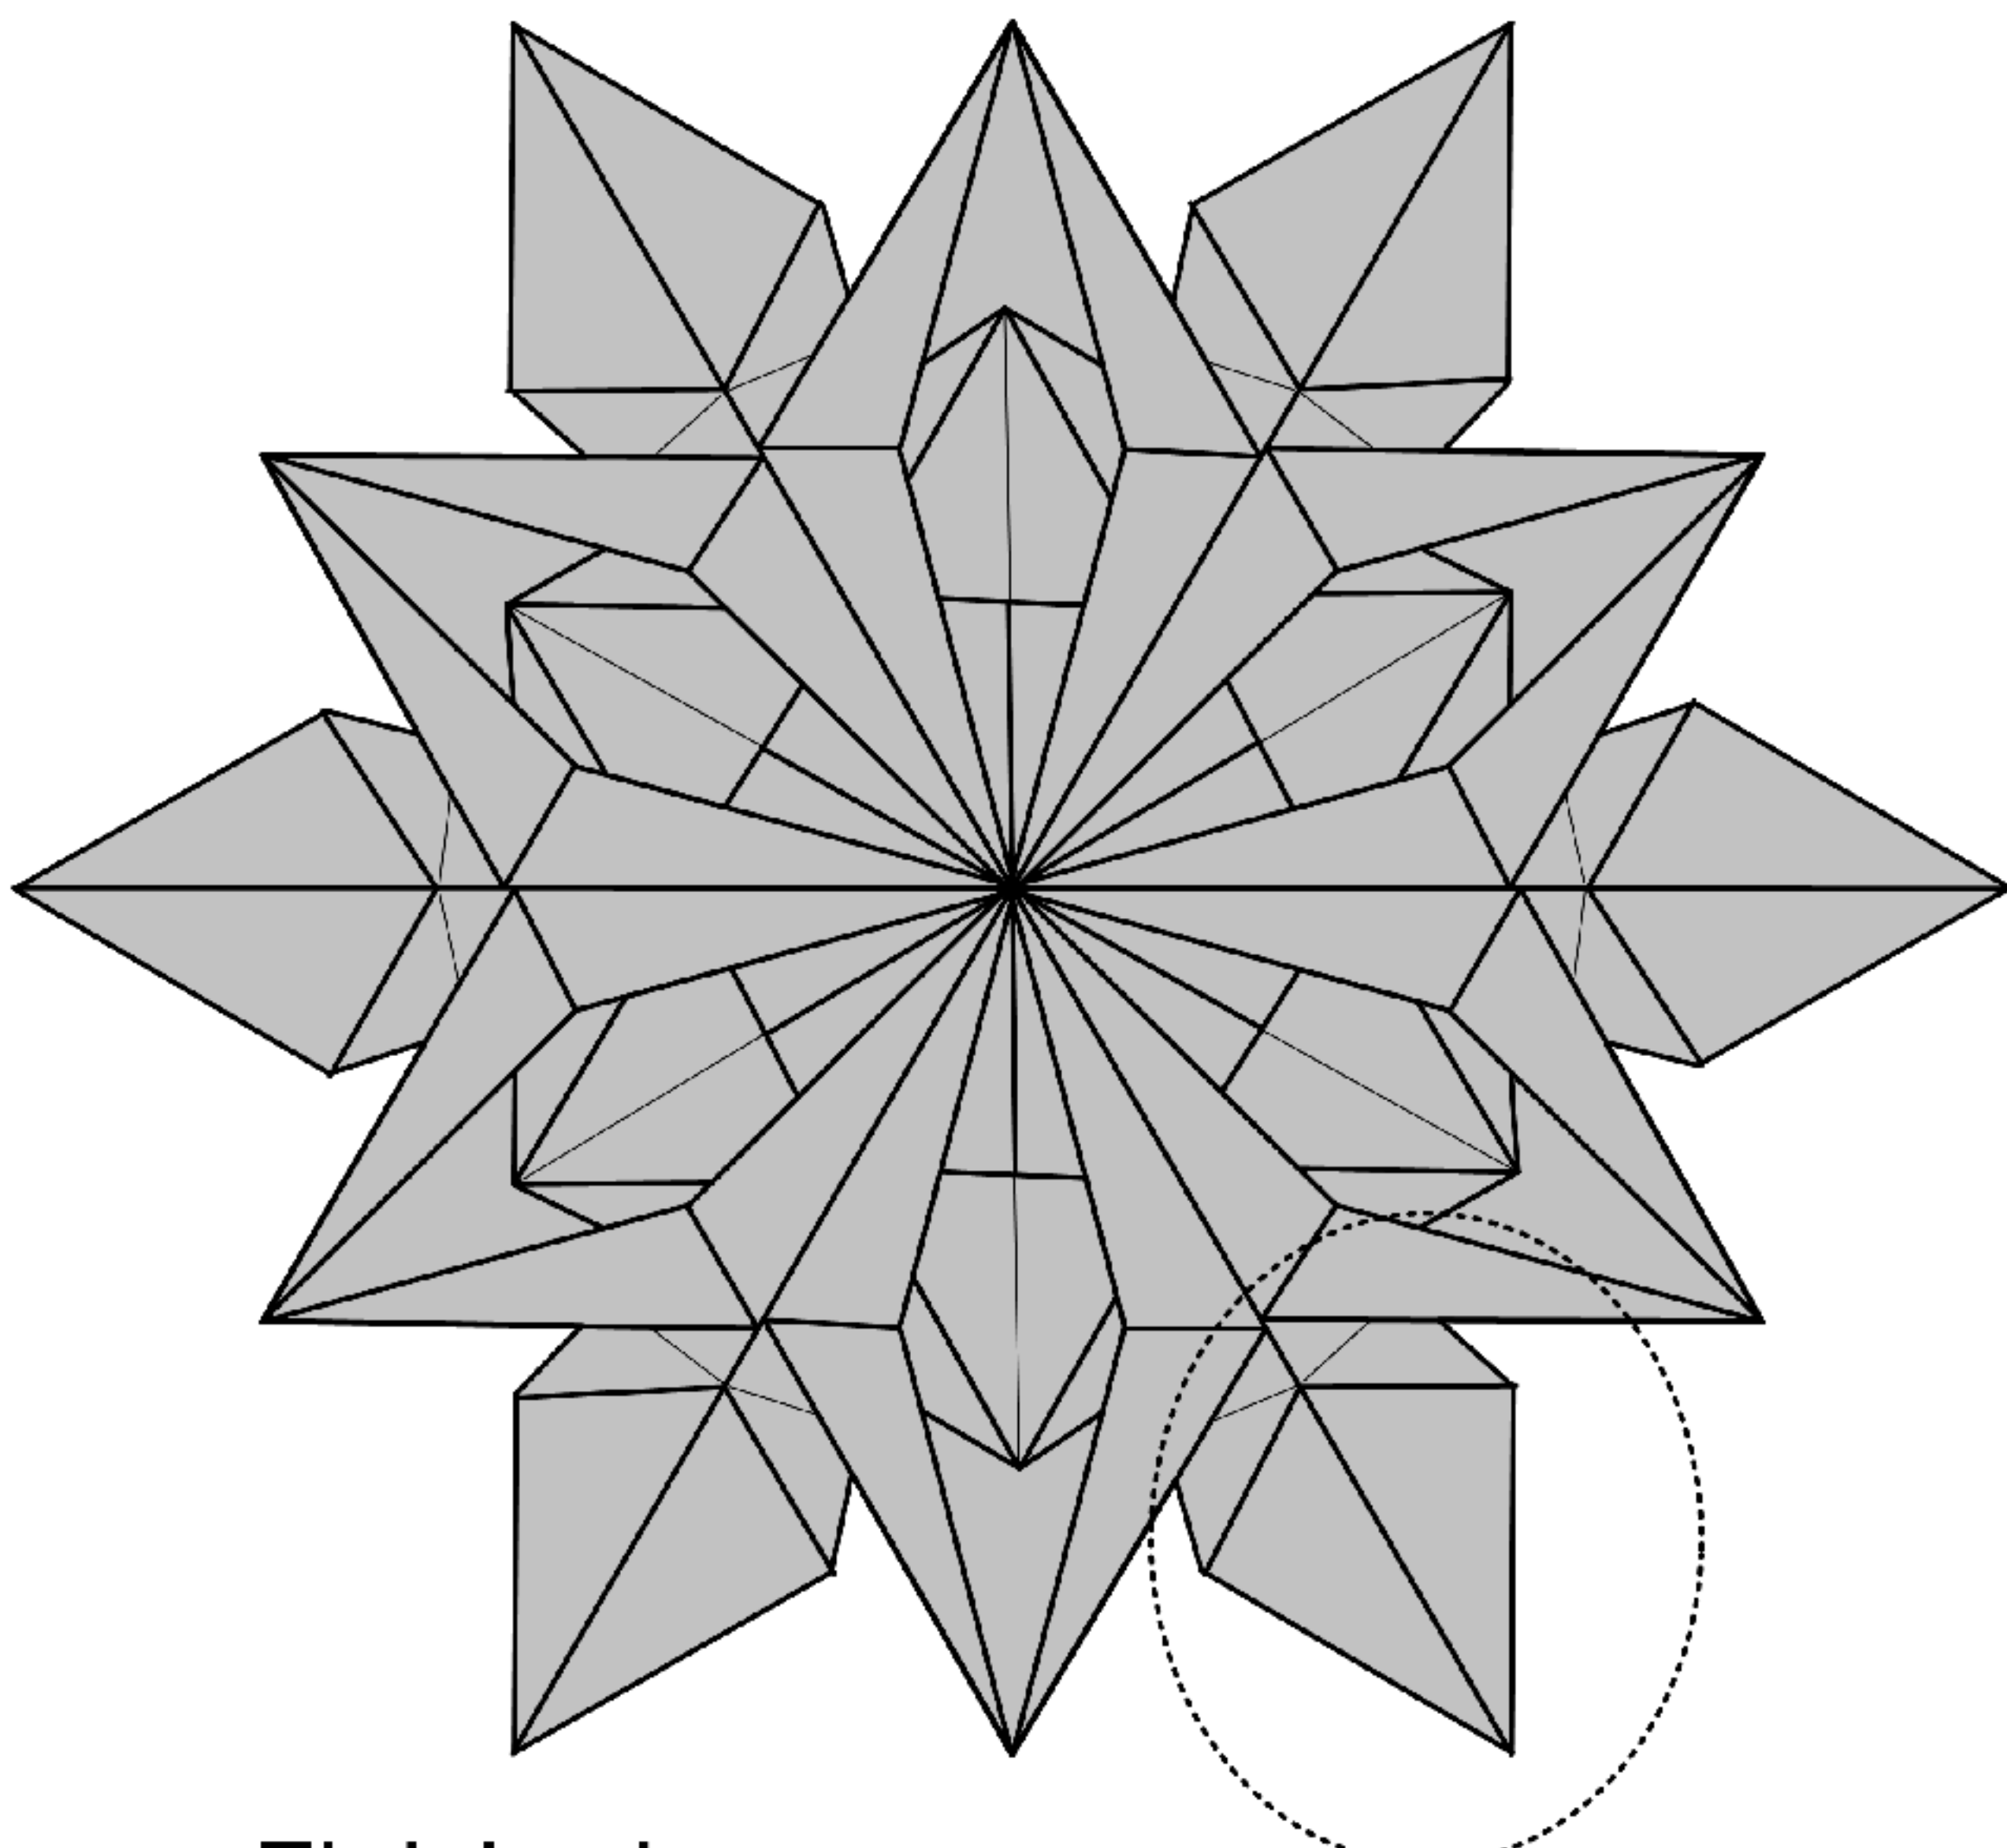

Bring the two flaps to the front.

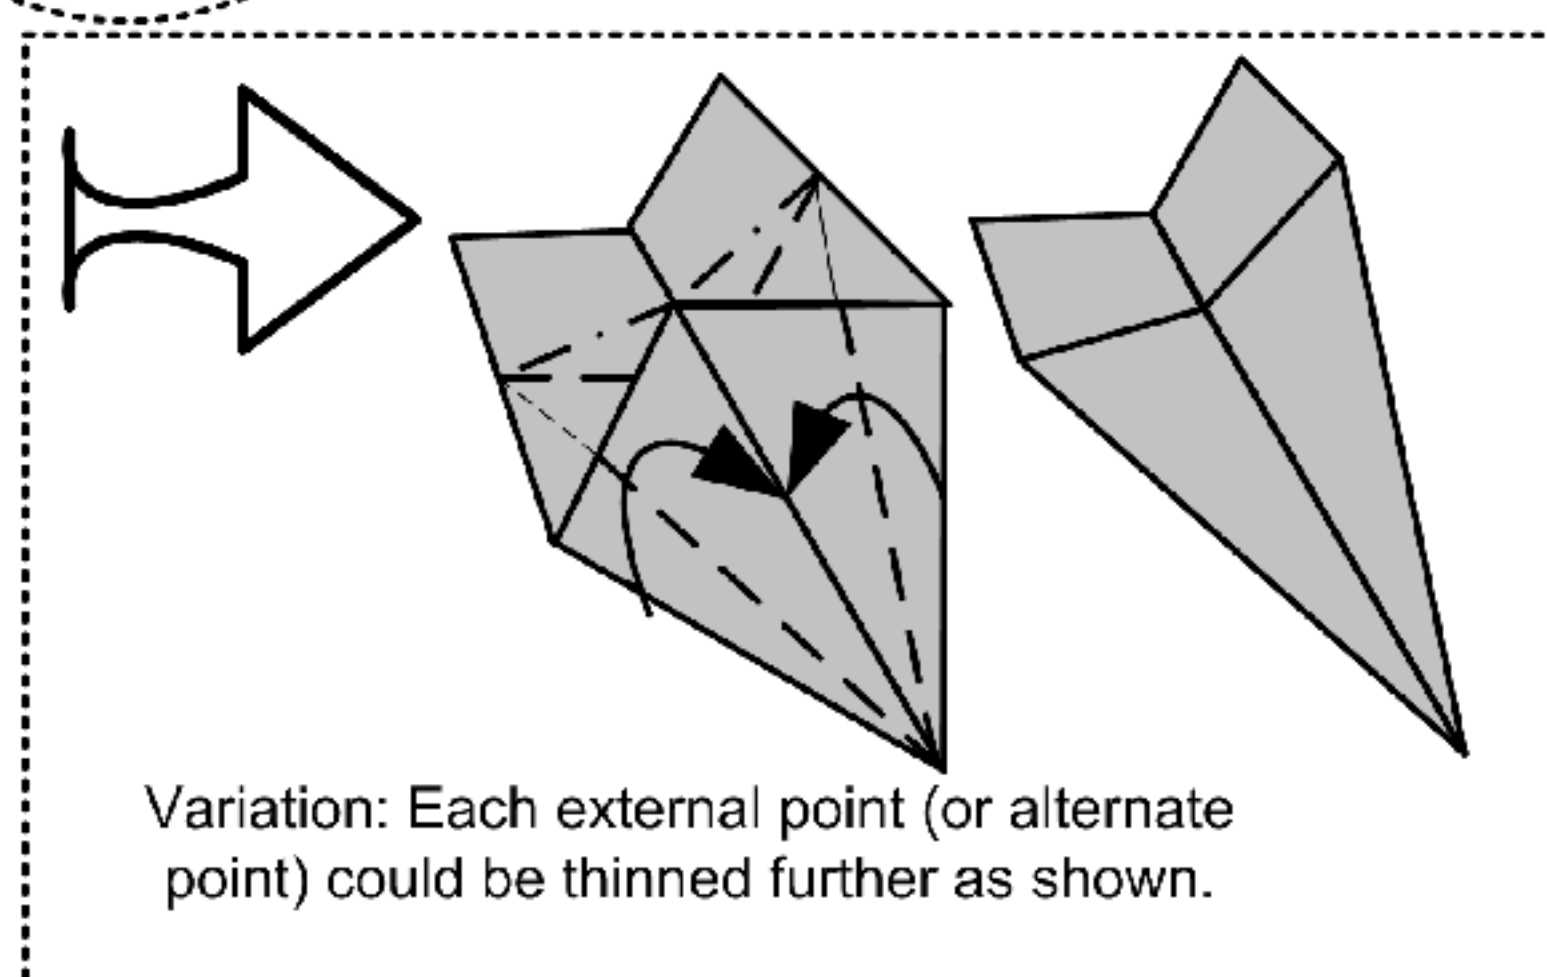

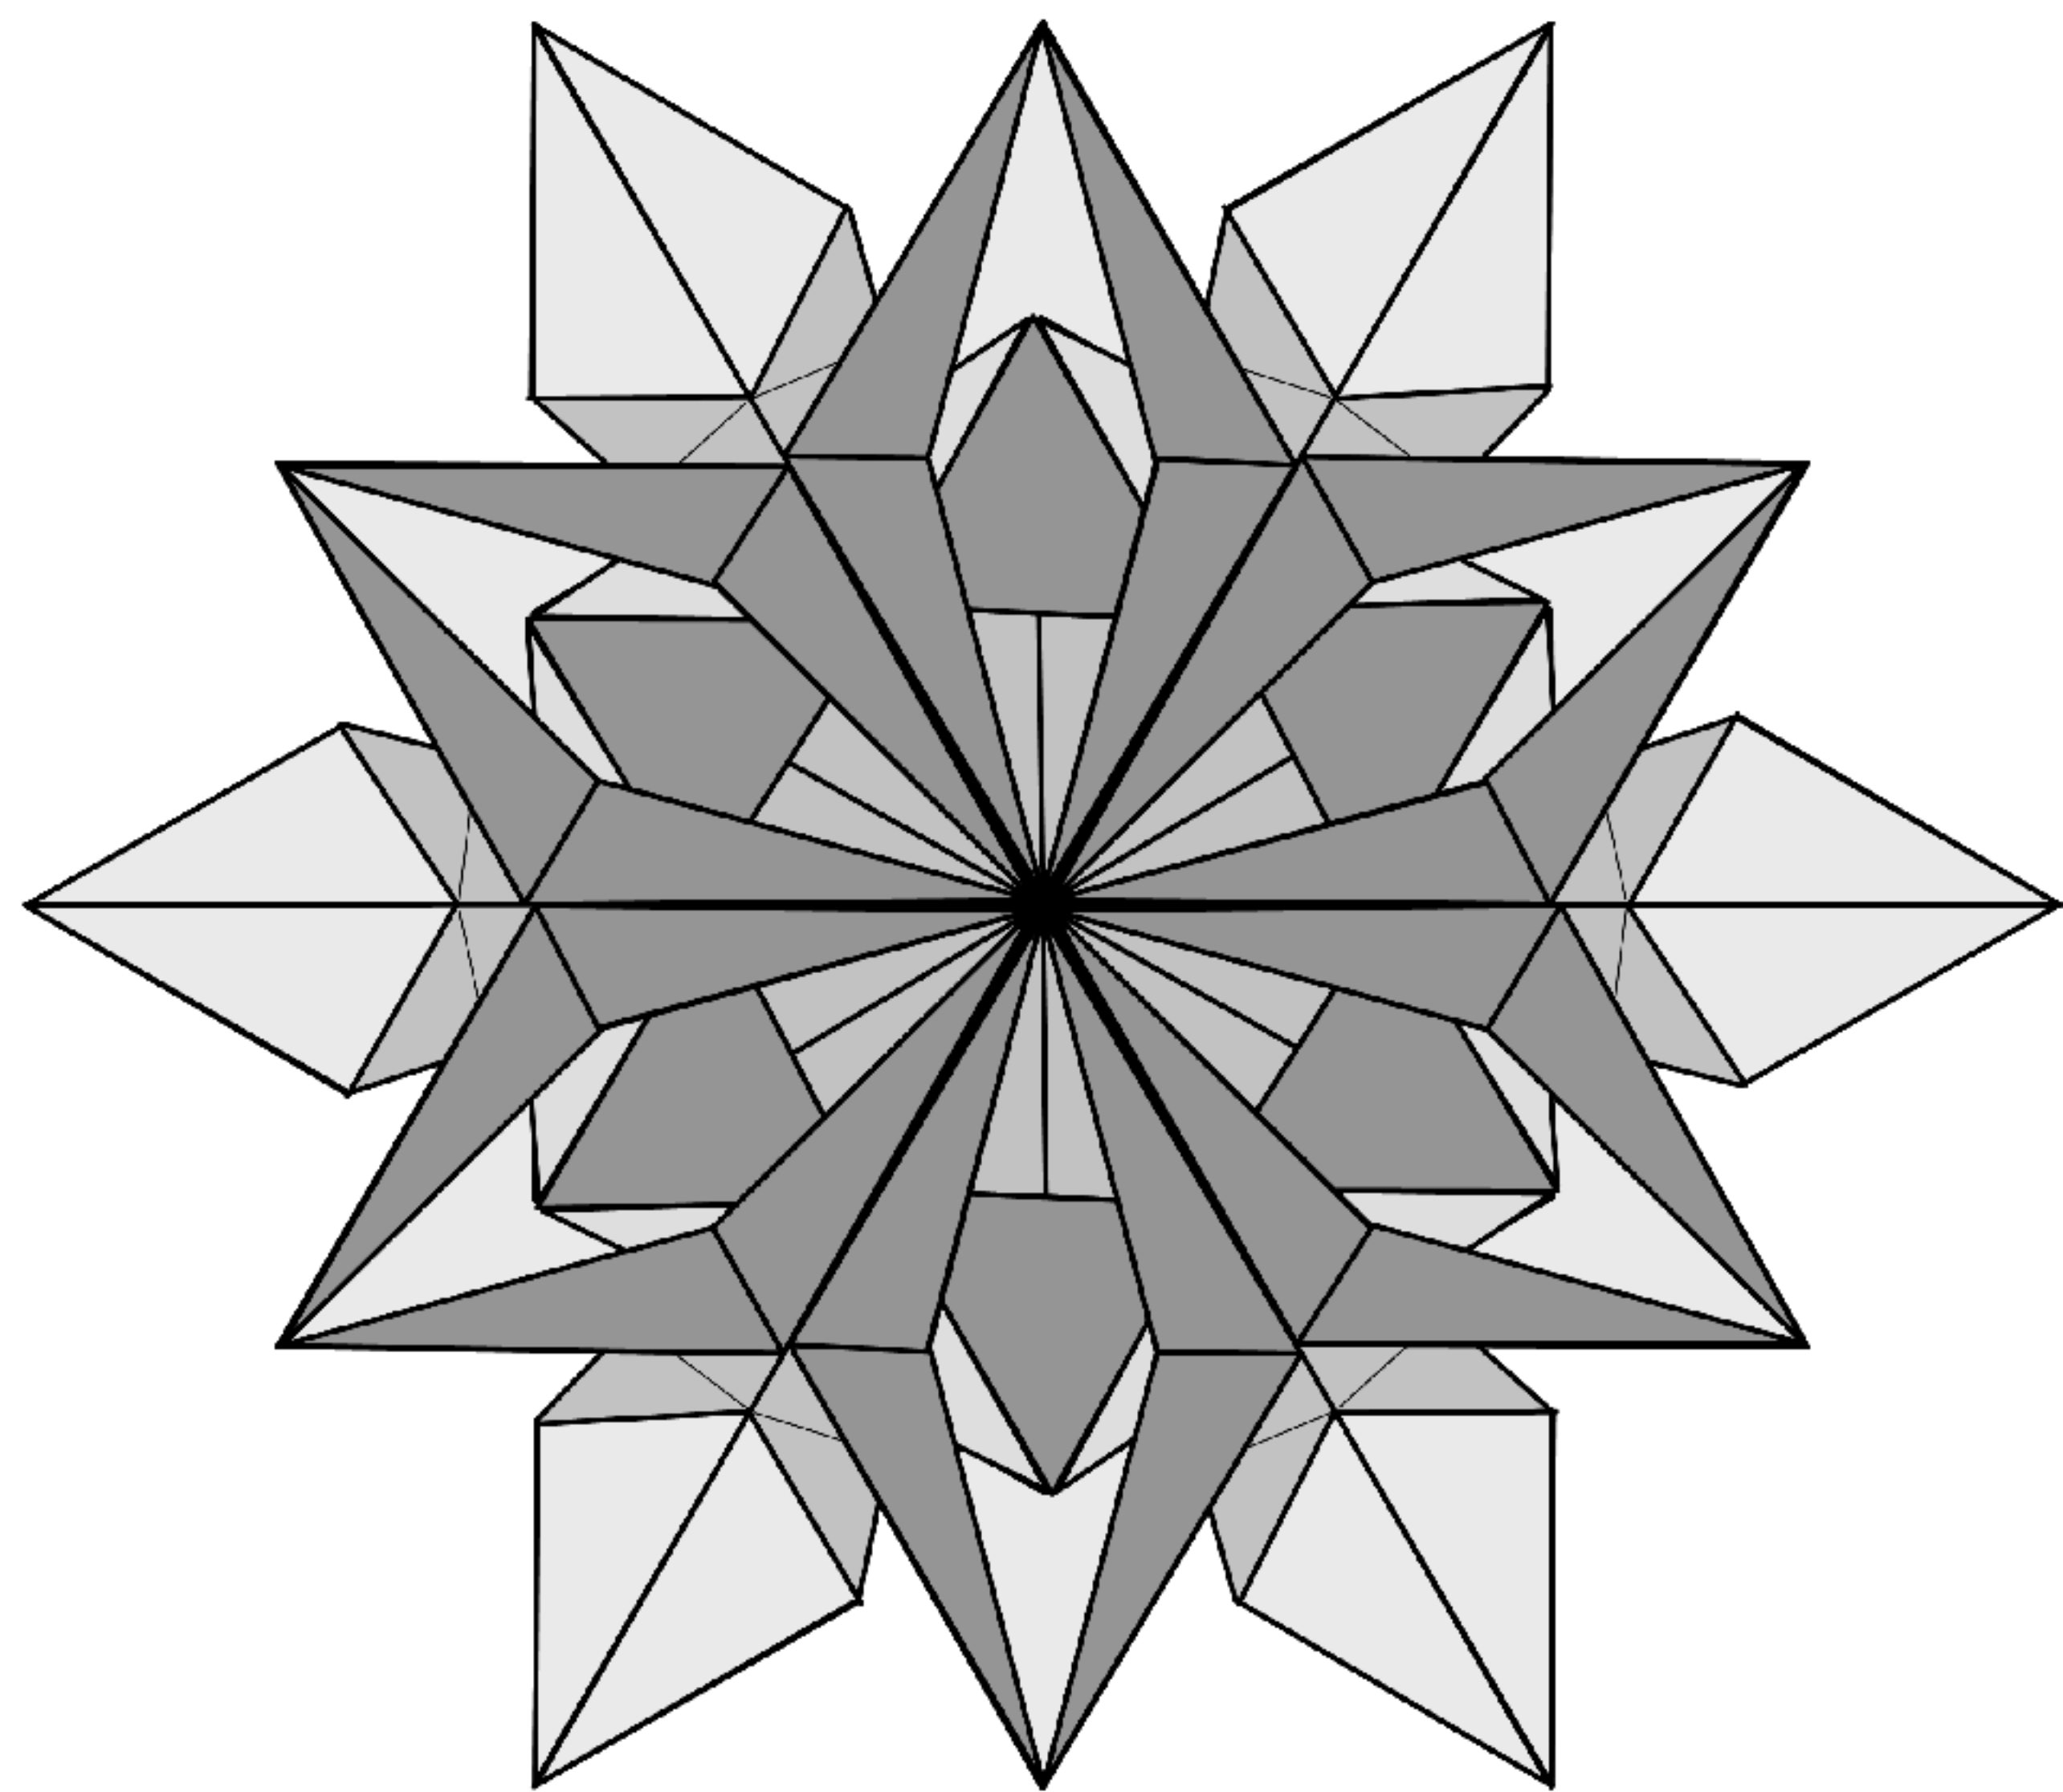

Repeat on the other five similar areas

Repeat on the other five similar areas

Finished.

Variation: Each external point (or alternate point) could be thinned further as shown.

This is an attempt to see the effect of multiple layers of tracing paper
